Data check — report not released

Papiernictvo DEMO s.r.o. · as of 2026-09

✗ DOES NOT TIE

REPORT NOT RELEASED

The numbers do not tie to the sources, so management receives nothing. Below: which check failed and in which file.

10	13	30
checks passed	checks failed	findings

Check that failed	Findings	File (row)
Input rows are readable	1	payroll_2026-06.csv (r5)
Till: TOTAL line = sum of receipts	1	pos_S03_2026-02.csv
Journal = trial balance	1	journal_2026-08.csv, trial_balance_2026-08.xlsx
Till = general ledger	3	journal_2026-02.csv, pos_S03_2026-02.csv
Bank: opening balance = previous closing balance	1	bank_2026-08.csv
Bank = ledger account 221	4	bank_2026-07.csv, bank_2026-09.csv and 2 more
Every bank payment has an invoice	1	bank_2026-07.csv (r345)
Payroll = ledger account 521	1	journal_2026-06.csv, payroll_2026-06.csv
Supplier invoices are posted	1	invoices_2026-05.xlsx (r85)
Stock: no negative stock, issues = cost of goods sold	6	journal_2026-03.csv, stock_levels_2026-03.csv and 5 more
Liability paid = liability balance	4	bank_2026-06.csv, bank_2026-07.csv and 6 more
Cards: fee = card sales − amount credited by the bank	2	bank_2026-03.csv, bank_2026-09.csv and 4 more
P&L = trial balance	4	(computed)

WHAT HAPPENS NEXT

1. Open the file and row from the table.
2. Fix the error at the source (not in the report).
3. Run again. The report is released only when everything ties.
